Industrial Grade Fastener Tools

CHANGZHOU CANTY ELECTRIC INDUSTRY CO., LTD

COMPANY PROFILE

Changzhou Canty Electric Industry Co., Ltd. was founded in 2002, specializing in the R&D and manufacturing of specialized tools. With production facilities in Changzhou and Zhenjiang, the company employs over 140 staff, including 15 design and R&D engineers.

Since 2013, Canty has focused on developing professional electric riveting tools, offering a pull force range from 9KN to 100KN. Our product line includes long-stroke pull-type tools (for break mandrel rivets) and precision force-controlled non-pull tools (for structural rivets). These tools are compatible with various rivets, including blind rivets, rivet nuts, and structural rivets (Heim-lok, Monobolt-style rivets, Lockbolt, KBOM rivets, and BBTAIL short-tail non-pull rivets). Backed by 24 patents in electric riveting technology, Canty delivers reliable solutions for diverse industrial needs.

Canty provides customized tooling and rivet gun nose assemblies, serving industries such as aerospace, high-speed rail, automotive, PV construction, and heavy machinery. Trusted by global partners, we combine innovation with durability to address complex riveting challenges.

KD-02X+	18V Brushless Tool for Blind Rivet / Heim-lok 3.2-6.4mm All Materials	04
KD-02XL	18V Brushless Tool for Blind Rivet / Heim-lok 3.2-6.4mm All Materials	06

Strong & Fast

KD-02X+

18V Brushless Tool for Blind Rivet / Heim-lok

3.2-6.4mm All Materials

- Outperforms other cordless riveters with 50% faster operation.
- Features a brushless motor for superior durability and extended service life.
- Capable of riveting diverse blind rivets: aluminum, steel, and stainless steel.
- For 6.4mm structural rivets (e.g., Heim-lok or stainless steel), an 18V/4.0Ah lithium battery is recommended.
- Mandrel collectors keep job site clean.

Anti-off Nozzles

**Blind Rivet Removal Tool
(work with E-drill)**

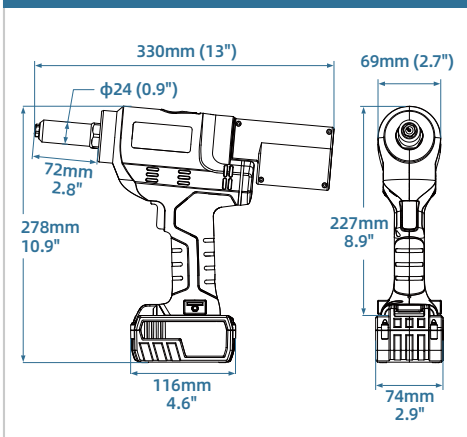

KD-02X+

18V Brushless Tool for Blind Rivet / Heim-lok

3.2-6.4mm All Materials

Technical Data	
Pull Force	20kN (4500lbf)
Stroke	25mm (1")
Net Weight	2.4kg (5.3lbs) (with a battery)
Battery	18V / 4.0Ah
Charger	100-240V AC / 50-60Hz 21V / 2.3A
Charging Time	Approx. 100mins
Nose piece Sets	3.2 / 4.0 / 5.0 / 6.0 / 6.4mm (1/8", 5/32", 3/16", 7/32", 1/4")
Service Life	100,000 times Based on Stainless Steel Blind Rivet 6.4mm (1/4")

Product size

Basic Kit

- 1 KD-02X+ Rivet Gun Body
- 2 Battery*2
- 3 Charger
- 4 Nose piece Sets (3.2/4.0/5.0/6.0/6.4mm)
- 5 One Pair of Jaws
- 6 Special Wrench
- 7 Belt Clip and Wrench
- 8 Mandrel Collector
- 9 High Quality Tool Box

Riveting Data

Based on 18V/4.0Ah battery, Steel Blind Rivets

- 3.2mm (1/8"): Approx.1800 PCS
- 4.0mm (5/32"): Approx.1500 PCS
- 5.0mm (3/16"): Approx.900 PCS
- 6.0mm (7/32"): Approx.700 PCS
- 6.4mm (1/4"): Approx.600 PCS

Optional Battery Adapters

Self-push collection mandrel

Anti Clogging

KD-02XL

18V Brushless Tool for Blind Rivet / Heim-lok

3.2-6.4mm All Materials

- Specially engineered anti-loosening nose piece securely grips rivets, preventing detachment.
- Features a brushless motor for superior durability and extended service life.
- Self-push system nose ensures that sheared rivet mandrels are “automatically” pushed into the collecting bin by the following mandrel - tilting of the tool is therefore not necessary and the riveting process is accelerated.
- With an extended riveting stroke of 28mm (1.1 inch), it can accommodate 6.4x22mm (0.25"x0.86") blind rivet.

Self-collecting system,
Anti clogging sleeves

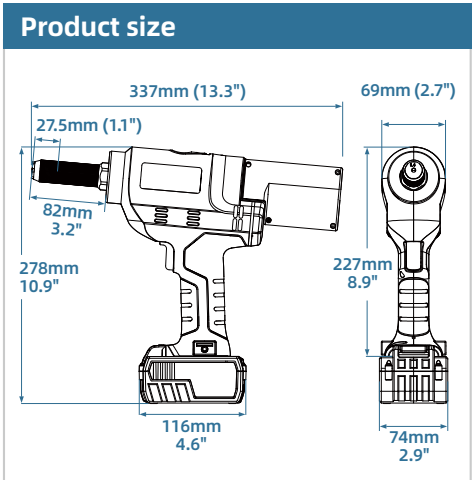

Blind Rivet Removal Tool
(work with E-drill)

KD-02XL

18V Brushless Tool for Blind Rivet / Heim-lok

3.2-6.4mm All Materials

Technical Data	
Pull Force	20kN (4500lbf)
Stroke	28mm (1.1")
Net Weight	2.4kg (5.3lbs) (with a battery)
Battery	18V / 4.0Ah
Charger	100-240V AC / 50-60Hz 21V / 2.3A
Charging Time	Approx. 100mins
Nose piece Sets	3.2 / 4.0 / 5.0 / 6.0 / 6.4mm (1/8", 5/32", 3/16", 7/32", 1/4")
Service Life	100,000 times Based on Stainless Steel Blind Rivet 6.4mm (1/4")

Basic Kit

- 1 KD-02XL Rivet Gun Body
- 2 Battery*2
- 3 Charger
- 4 Anti-off Nosepiece & Guide Sleeve Kit (3.2/4.0/5.0/6.0/6.4mm)
- 5 One Pair of Jaws
- 6 Special Wrench
- 7 Belt Clip and Wrench
- 8 Mandrel Collector
- 9 High Quality Tool Box

Riveting Data

Based on 18V/4.0Ah battery, Steel Blind Rivets

- 3.2mm (1/8"): Approx.2400 PCS
- 4.0mm (5/32"): Approx.2000 PCS
- 5.0mm (3/16"): Approx.1200 PCS
- 6.0mm (7/32"): Approx.900 PCS
- 6.4mm (1/4"): Approx.750 PCS

Optional Battery Adapters

KD18BS for 18V BOS Battery

KD18MT for 18V MKT Battery

KD18MW for 18V MWK Battery

KD18DW for 18V DWT Battery

Complete Truck Cab Kit Lockbolts

It is compatible with following rivets				
BLIND RIVETS	SIZE	TYPE	INSTALLS Y/N	APPLICATION
	3/16"	ALUMINUM, STEEL OR STAINLESS STEEL MAGNA LOK® BLIND RIVET	N	EXTERIOR TRIM

KD-02HT

18V Brushless Tool for 4.8-6.4-7.8mm Multi Rivets

- Brushless motor technology delivers extended service life and superior durability.
- 30kN High pulling force, long stroke, enabling multifunctionality.
- Anti-drop shoulder strap securely protects the tool from fall impacts.
- Powered by an 18V/4.0Ah high-capacity lithium-ion battery.
- Specifically designed for riveting Wide Range Grip Lockbolt, Lockbolt, Heim-lok.

Hanging Hook

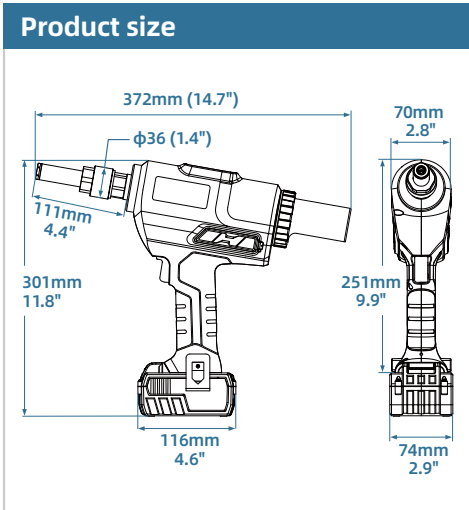

Battery (with Power Level)

KD-02HT

18V Brushless Tool for 4.8-6.4-7.8mm Multi Rivets

Technical Data	
Pull Force	30kN (6800lbf)
Stroke	31mm (1.2")
Net Weight	2.9kg (6.4lbs) (with a battery)
Battery	18V / 4.0Ah
Charger	100-240V AC / 50-60Hz 21V / 2.3A
Charging Time	Approx. 100mins
Fastener Capacity	Wide Range Grip: 4.8mm (3/16"), 6.4mm (1/4") Lockbolt: 4.8mm (3/16"), 6.4mm (1/4") Heim-lok: 7.8mm (5/16"), 6.4mm (1/4") KBOM: 6.4mm (1/4")
Service Life	50,000 times Based on Heim-lok Rivet 7.8mm (5/16")

Basic Kit

- 1 KD-02HT Rivet Gun Body (exclude any nose assemblies)
- 2 Battery*2 (18V/4.0Ah)
- 3 Charger
- 4 Special Wrench
- 5 Belt Clip and Wrench
- 6 Single Shoulder Strap Assembly
- 7 High Quality Tool Box

Riveting Data

Based on 18V/4.0Ah battery, Steel Rivet

Wide Range Grip:
 4.8mm (3/16"): Approx.1100 PCS
 6.4mm (1/4"): Approx.500 PCS

Lockbolt:
 4.8mm (3/16"): Approx.1100 PCS
 6.4mm (1/4"): Approx.500 PCS

Heim-lok:
 7.8mm (5/16"): Approx.700 PCS
 6.4mm (1/4"): Approx.800 PCS

KBOM:
 6.4mm (1/4"): Approx.400 PCS

Shoulder strap included for impact protection

KD-0210T

18V Brushless Tool for 6.4 / 8mm Aluminum BBtail

- Riveting for 6.4/8.0mm aluminum BBTAIL rivets.
- Capable of adjusting pulling force according to requirements.
- Equipped with pulling force detection and alarm functions.
- Intelligently records and displays the total number of riveting operations.
- Powered by a high-efficiency 18V/5.0Ah lithium-ion battery for extended runtime.

Nose Assembly

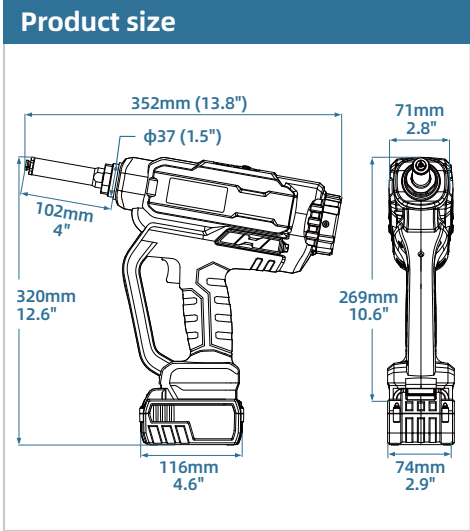

Collar Cutter Nose Assembly

KD-0210T

18V Brushless Tool for 6.4 / 8mm Aluminum BBtail

Technical Data	
Pull Force	10kN (2300lbf)
Stroke	30mm (1.2")
Net Weight	3.1kg (6.8lbs) (with a battery)
Battery	18V / 5.0Ah
Charger	100-240V AC / 50-60Hz 21V / 8A
Charging Time	Approx. 40mins
Fastener Capacity	Aluminum BBTAIL Rivet: 6.4mm (1/4") Aluminum BBTAIL Rivet: 8.0mm (5/16")
Service Life	100,000 times Based on Aluminum BBTAIL Rivet 8.0mm (5/16")
Repeatability accuracy of Force	±1.5%
Batch accuracy of Force	±3%

Basic Kit

- ① KD-0210T Rivet Gun Body
- ② BBTAIL 6.4mm (1/4") or BBTAIL 8.0mm (5/16") Nose Assembly
- ③ Battery*2
- ④ Charger
- ⑤ Special Wrench
- ⑥ Single Shoulder Strap Assembly
- ⑦ High Quality Tool Box

Riveting Data

Based on 18V/5.0Ah battery
Aluminum BBTAIL

BBTAIL 6.4mm (1/4"): Approx.3000 PCS

BBTAIL 8.0mm (5/16"): Approx.1800 PCS

Optional Battery Adapters

KD18BS for 18V
BOS Battery

KD18MT for 18V
MKT Battery

KD18MW for 18V
MWK Battery

KD18DW for 18V
DWT Battery

KD-0230T

18V Brushless Tool for 6.4 / 8mm Steel BBtail

- Riveting for 6.4/8.0mm steel BBTAIL rivets.
- Capable of adjusting pulling force according to requirements.
- Equipped with pulling force detection and alarm functions.
- Intelligently records and displays the total number of riveting operations.
- Powered by a high-efficiency 18V/5.0Ah lithium-ion battery for extended runtime.

Nose Assembly

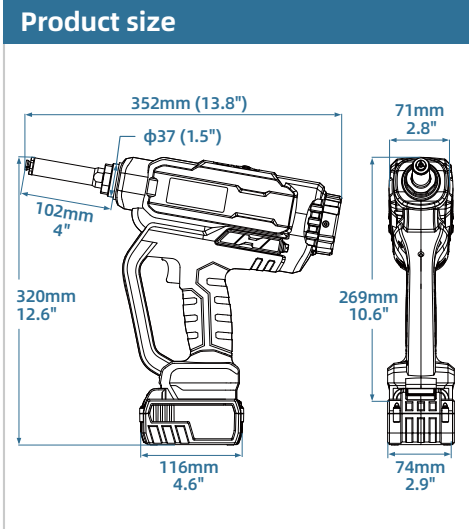

Collar Cutter Nose Assembly

KD-0230T

18V Brushless Tool for 6.4 / 8mm Steel BBtail

Technical Data	
Pull Force	30kN (6800lbf)
Stroke	30mm (1.2")
Net Weight	3.1kg (6.8lbs) (with a battery)
Battery	18V / 5.0Ah
Charger	100-240V AC / 50-60Hz 21V / 8A
Charging Time	Approx. 40mins
Fastener Capacity	Steel BBTAIL Rivet: 6.4mm (1/4") Steel BBTAIL Rivet: 8.0mm (5/16")
Service Life	100,000 times Based on Steel BBTAIL Rivet 8.0mm (5/16")
Repeatability accuracy of Force	±1.5%
Batch accuracy of Force	±3%

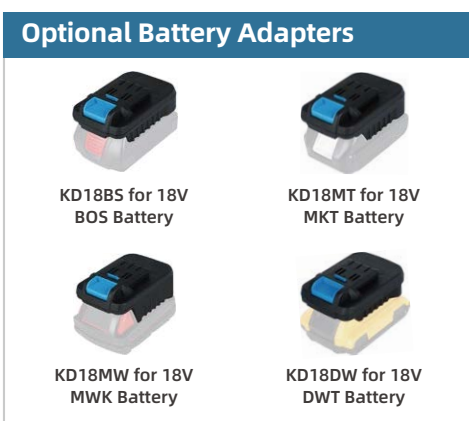

- Basic Kit**
- ① KD-0230T Rivet Gun Body
 - ② BBTAIL 6.4mm (1/4") or BBTAIL 8.0mm (5/16") Nose Assembly
 - ③ Battery*2
 - ④ Charger
 - ⑤ Special Wrench
 - ⑥ Single Shoulder Strap Assembly
 - ⑦ High Quality Tool Box

BBTAIL 6.4mm (1/4"): Approx.1200 PCS
BBTAIL 8.0mm (5/16"): Approx.800 PCS

KD-0270T

36V Brushless Tool for 12mm BBtail / KBOMTAIL

- Capable of adjusting pulling force according to requirements.
- Integrated force monitoring system with visual/audible alarms for overload protection.
- Smart rivet counter automatically tracks and displays total operation count.
- Large capacity with long endurance, and compliant with non-hazardous material safety transportation requirements.
- Cutter Nose Assembly is optional.

Nose Assembly

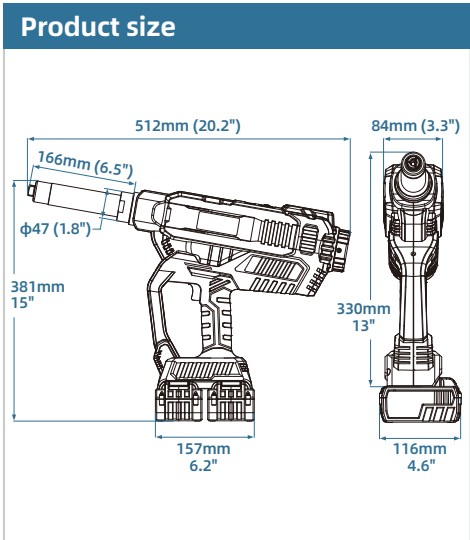

Collar Cutter Nose Assembly

KD-0270T

36V Brushless Tool for 12mm BBtail / KBOMTAIL

Technical Data	
Pull Force	70kN (15700lbf)
Stroke	60mm (2.4")
Net Weight	6.8kg (15lbs) (with two batteries)
Battery	18V / 5.0Ah
Charger	100-240V AC / 50-60Hz 21V / 8A
Charging Time	Approx. 40mins
Fastener Capacity	BBTAIL Rivet: 12mm (1/2") KBOMTAIL:12mm (1/2")

KBOM 12mm (1/2"): Approx.450 PCS

Lockbolt 12mm (1/2"): Approx.350 PCS

With Backpack Tool Balancer

KD-02G

Backpack Tool Balancer

- Zero gravity handling - after adjusting to balances tool weight (up to 9kg) for a comfortable and weightless feel at any position (height).
- Designed for a safer jobsite - improves ergonomics to reduce fatigue, arms and shoulder strain, from repetitive and continuous hours of work.
- Helps increase productivity - makes your riveting work lightweight, easier, and more precise.
- All-day flexibility and control-makes hard to long time operating for easier, and portability on site with a foldable support arm and telescopic back support weight under 5 kg.

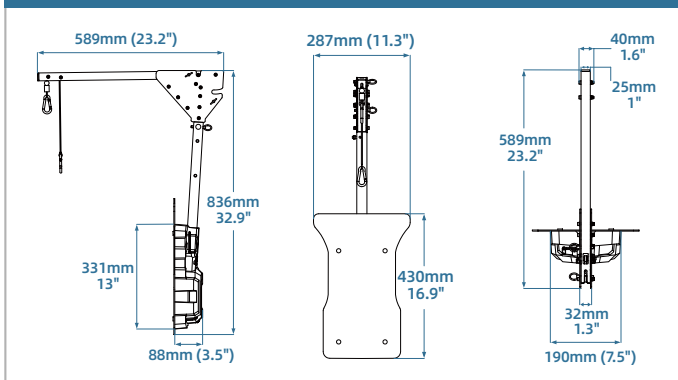

KD-02G

Backpack Tool Balancer

Technical Data

Product Weight	5.0kg (11lbs)
Adjustable Load Capacity	5-9kg (11-20lbs) (Different specifications may have different load capacities)
Belt Size	145cm (57")
Device Length	86 / 105 / 112 cm (34" / 41" / 44")
Service Life	1 year

Fast Remove

KD-02RT

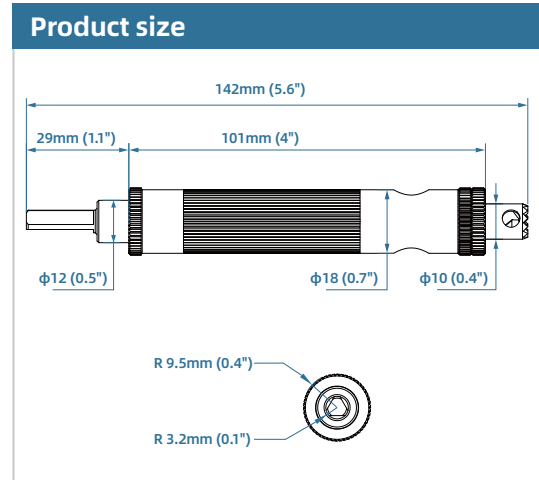

All Material Rivet Removal Tool

- The Minova Rivet Removal Tool includes drill bits for removing 3.2mm (1/8"), 4.0mm (5/32"), 5.0mm (3/16"), 6.0mm (7/32"), and 6.4mm (1/4") standard and stainless steel rivets.
- Simply attach the appropriate drill bit to your power drill, drill through the rivet head, and effortlessly remove blind rivets.
- This rivet removal tool is specifically designed for dismantling dome head, brazier head, and pan head rivets.
- This rivet removal tool allows for fast and easy rivet removal while protecting the workpiece surface from damage.
- High-cobalt drill bits offer exceptional durability and are suitable for drilling all types of materials.
